

LUMINES NOW ON STEAM

April 18, 2008 - Q Entertainment and Valve today announced availability of Lumines on Steam, a leading platform for PC games and digital content with over 15 million accounts around the world.

Lumines, the critically acclaimed music-based puzzle game, was created by Tetsuya Mizuguchi and is available now via Steam for as low as \$9.95 for the Base Pack. The Base Pack contains 21 unlockable skins in Challenge Mode, Skin Edit Mode and a sampling of Time Attack, Puzzle and Mission modes. For a greater challenge, the Advance Pack is available for \$7.95 and includes another 21 skins in Challenge Mode, 60 mind-bending puzzles in Puzzle Mode and 35 quick-thinking, fast-moving stages in Mission Mode. The Base and Advance Pack may be purchased together for just \$14.95. An additional 10% is taken off at the time of purchase between now and Friday, April 25th.
